## SMALL CLASS SIZES

# YOU WILL GET TO KNOW YOUR PROFESSORS

**BUILD BONDS THAT WILL PROVIDE YOU  
WITH COUNTLESS LEARNING OPPORTUNITIES**

With roughly 2,300 students, an average first-year class size of 60, and upper year classes as small as three, the small class difference can be found across campus. That means you have the space to collaborate, the confidence to ask questions, and the freedom to share your ideas.

You will be able to connect with your professors both inside and outside the classroom. These meaningful interactions at a smaller university will provide you with valuable networking opportunities, guide you throughout your degree, and help you figure out your future.

**MORE THAN 60%  
OF OUR CLASSES HAVE  
30 STUDENTS OR LESS**

## YOU WON'T GET LOST IN THE SHUFFLE.

“ Small class sizes have greatly enhanced my university experience. I’ve had the opportunity to collaborate with my peers and build strong connections with my professors in classrooms, labs, and office hours that have led to great employment prospects and a supportive professional network. ”
