

## Side Hustle Resource Planner

Use the table below to list all the different kinds of resources you'll need for your side hustle.

| Time | Money | Materials | People |
|------|-------|-----------|--------|
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |
|      |       |           |        |

Create a budget for your side hustle using the chart below or spreadsheet software.

Use the expense categories provided as suggestions; you will need to adjust the categories to suit your business.

| Expense Category       | Item | Cost |
|------------------------|------|------|
| Advertising            |      |      |
| Bank fees              |      |      |
| Contractors            |      |      |
| Delivery               |      |      |
| Insurance              |      |      |
| Licences & memberships |      |      |
| Office expenses        |      |      |
| Professional fees      |      |      |
| Supplies               |      |      |
| Training               |      |      |
| Travel                 |      |      |
| Utilities              |      |      |
