UNIVERSITY

INDIGENOUS TRADITION

THE MI'KMAQ
PRAYER

Creator,

We are gathering here today to celebrate achievement.

We ask that you come and give us your blessings. We give thanks Creator for another day of life, we give thanks for your ever-present guide and blessings in our lives. Today we ask you to watch over us and take care of us, give us good thoughts and a good heart as we pray for those who are graduating today. Give them a good path so that they may add to your goodness for the Earth we live in. Remove all obstacles so that they have success in their journey.

All my Relations.

KWÉ — PJILA'SI — WELCOME

We would like to acknowledge that we are located within the territory of Mi'kma'ki, the unceded, ancestral territory of the Mi'kmaq.

Our relationship and our privilege to live on this territory was agreed upon in the Peace and Friendship Treaties of 1752.

Because of this treaty relationship it is to be acknowledged that we are all Treaty people and have a responsibility to respect this territory.

A PERSONAL TOUCH

THE PRINTING
OF THE UNIVERSITY
DIPLOMAS

For more than three decades, Fine Arts research professor and visual artist Thaddeus Holownia has been printing Mount Allison University's diplomas using the letterpress process at the Anchorage Press in Jolicure, NB. The tradition of hand printing Mount Allison's diplomas dates back to the early 1900s.

Each of the names of Mount Allison's graduates is hand cast and printed with an embossed method on the diplomas. It is a printing process that Holownia says makes for a spectacular finished product. Each spring he spends considerable time casting all the names of the graduates before printing the diplomas for Convocation.

For research, Holownia visited the archives to look at old diplomas and certificates.

"The two colours of ink and the scale contribute to the special presence the Mount Allison diploma has on the wall," he says. "Each one has a real relationship to the history of degree granting at Mount Allison University."

ALMA MATER SONG

MUSIC BY GUS EDWARDS (1879–1945).
TEXT RE-WITTEN BY WINTHROP PICKARD BELL
(CLASS OF 1904). ARRANGED BY JENNIFER DEL MOTTE.

Mount Allison University Archives

Where stalwart dykes breast back the tidal seas,
Where fruitful crops bend to the western breeze,
On classic mount, pride of the happy lands,
With laurel crowned, our *Alma Mater* stands –
Her banners there unfold, the Garnet and the Gold.

(C H O R U S)

Mount Allison so fair; beyond the marshes there,
Above the peaceful scene, she sits, enthroned a queen,
May each majestic tide, each gale that sweeps the moor,
Her fame spread far and wide, to every shore.

Now may we all, urged by her noble past,
Her mission grand, her aspiration vast,
Press forward still, the vanguard in the fight,
For truth and faith, for justice and for right;
Their emblem, as of old, the Garnet and the Gold.

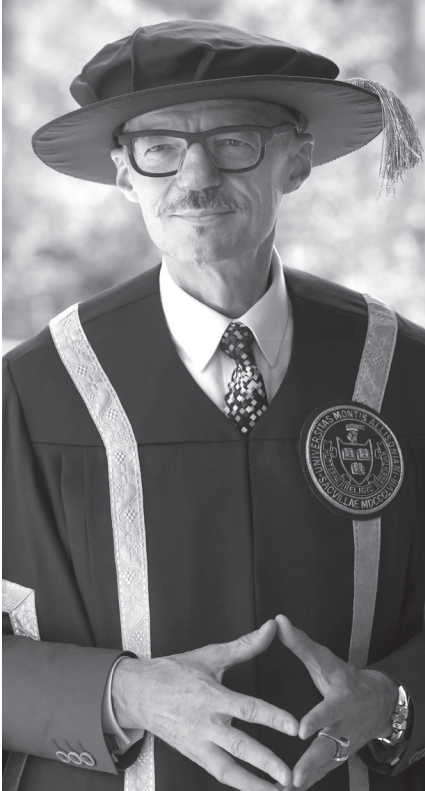

(C H O R U S)

(Audience to rise during singing of the second Chorus)

Mount Allison so fair; beyond the marshes there,
Above the peaceful scene, she sits, enthroned a queen,
May each majestic tide, each gale that sweeps the moor,
Her fame spread far and wide, to every shore.

FROM THE PRESIDENT

DR. JEAN-PAUL
BOUDREAU

Class of 2022 — you did it!

You have overcome the challenges of completing more than half of your undergraduate degree during a global pandemic. You have earned your degree through single household bubbles and online learning, masking and physical distancing — and you have done it together with patience, perseverance, and grace.

But this is just a small part of the story you will tell about your time at Mount Allison. The lifelong friends you made. The lessons you learned both inside and outside the classroom — all at a fundamental turning point in your lives.

I am happy that you are able to gather together as a class one last time before taking on your next great adventures. Cherish this time together and take a little time to enjoy this incredible moment — and those beautiful campus views.

As your *alma mater*, we are here to support you and celebrate you. We hope to see you back here again for Reunions or when you are just passing through!

Keep in touch!

FROM THE CHANCELLOR

LYNN
LOEWEN

Class of 2022 — as you celebrate Convocation together, I hope you will take a moment to reflect on your achievements and each step that brought you to this day. Completing your undergraduate degree is a significant accomplishment and your path to graduation has been a particularly challenging one — you should be proud to be crossing this stage today.

As you head out into the world, I encourage you to use your talents and abilities to their fullest. I look forward to seeing the contributions you will make to your communities and workplaces in the years to come.

I would also like to extend congratulations to our honorary degree recipients. You exemplify the kind of influence lives lived with dedication and passion can have and we are honoured to welcome you to the Mount Allison family.

Congratulations Class of 2022 on reaching this milestone.

Félicitations!

HONORARY DOCTORATE OF LAWS

RECIPIENT

ROBERT M. OGILVIE ('67)

Business leader and philanthropist

Robert M. Ogilvie is one of Canada's most successful business leaders — most notably in his leadership of Toromont Industries, which provides specialized equipment to a broad array of essential industries, including construction, power generation, forestry, and agriculture, and environmentally advanced refrigeration systems used in the food, dairy, cold storage, and beverage industries as well as for indoor and outdoor ice surfaces.

Under his leadership, Toromont has grown to employ more than 6,000 skilled workers at more than 150 locations across Canada.

A former member of Mount Allison's Board of Regents, his leadership is marked by business growth and a commitment to corporate social responsibility. Toromont makes direct philanthropic contributions to a number of organizations, particularly those dedicated to health care and children, while employees are encouraged to give back not only at work, but in their local communities.

Ogilvie's personal philanthropy is rooted in the family's foundation, the Airlie Foundation, which supports projects related to education, health and medicine, environment, youth at risk, and advocacy for the marginalized.

Ms. Chancellor, on behalf of the Senate of Mount Allison University, I request that you confer upon Robert M. Ogilvie the degree of Doctor of Laws, *honoris causa*.

HONORARY DOCTORATE OF LAWS RECIPIENT

ANNETTE VERSCHUREN ('78)

Chair and CEO of NRStor Inc. and former President of Home Depot Canada

Annette Verschuren is Chair and CEO of NRStor Inc., a company that develops, builds, and operates energy storage projects. From 1996 to 2011, Ms. Verschuren was President of The Home Depot Canada, where she oversaw the company's growth from 19 to 179 Canadian stores. She is also the co-founder of the craft chain Michaels Canada.

Ms. Verschuren is on the boards of Air Canada, Canadian Natural Resources Limited, Liberty Mutual Insurance Group, and Saputo Inc. Additionally, she is Chair of MaRS Discovery District and is Chair of Sustainable Development Technology Canada. She is the author of *Bet on Me*, in which she shares her approach to transformational leadership.

Ms. Verschuren is an Officer of the Order of Canada and is a Companion of the Canadian Business Hall of Fame. She serves as co-chair of Smart Prosperity and has 10 honorary doctorates.

Ms. Chancellor, on behalf of the Senate of Mount Allison University, I request that you confer upon Annette Verschuren the degree of Doctor of Laws, *honoris causa*.

HONORARY DOCTORATE OF LAWS RECIPIENT

DR. BONNIE HENRY ('86)

Provincial Health Officer for British Columbia

The first woman appointed Provincial Health Officer for the Province of British Columbia, Dr. Bonnie Henry (Mount Allison Class of 1986) is a public health and preventive medicine expert who has led one of Canada's largest provinces through the COVID-19 pandemic with her mantra "Be Kind, Be Calm, Be Safe."

As a medical advisor and specialist in infectious diseases both in Canada and abroad, Dr. Henry has worked with the United Nations Children's Fund (UNICEF) on the Polio Eradication program in Pakistan in 2000, the World Health Organization (WHO) to control the Ebola outbreak in Uganda in 2001, and served as the Associate Medical Officer of Health for Toronto Public Health on the 2003 SARS outbreak in Toronto.

She also served in the Canadian military and was part of the Infection Control Expert Group and the Canadian Pandemic Co-ordinating Committee responding to pandemic H1N1 (2009) influenza.

She is the author of *Soap and Water and Common Sense*, a guide to staying healthy in a microbe-filled world, and *Be Kind, Be Calm, Be Safe: Four Weeks that Shaped a Pandemic*.

Ms. Chancellor, on behalf of the Senate of Mount Allison University, I request that you confer upon Dr. Bonnie Henry the degree of Doctor of Laws, *honoris causa*.

2022 TUCKER TEACHING AWARD RECIPIENT

DR. LISA DAWN HAMILTON

Associate Professor and Department Head of Psychology

Dr. Lisa Dawn Hamilton has taught at Mount Allison since 2010. Her research areas include behavioural neuroscience and social/personality psychology, with a focus on human sexuality and stress. She also runs the MASH (Mount Allison Sexual Health) research lab.

Hamilton works to make her teaching and subject matter accessible to her students in several ways, including a seminar class where students researched and produced a podcast series around stress, burnout, and resilience in 2020.

Her teaching and research programs extend well beyond Mount Allison's labs and classrooms. In 2019 she established SexEdEast, offering educational programming and workshops to the community around sex education and sexual health. She is also the creator of the podcast — *Do We Know Things*, examining themes in sexual health and education.

Hamilton is a member of the University's Senate and, in 2020, served as co-chair of Mount Allison's Sexual Violence Prevention Working Group. She continues to serve on the University's Advisory Committee on Sexual Violence Prevention.

The Herbert and Leota Tucker Teaching Award is Mount Allison's highest recognition of teaching excellence and Mount Allison's only university-wide teaching award. Established by Edmund, Harold, and William Tucker in memory of their parents, it is intended to encourage excellence in teaching at Mount Allison University by acknowledging those who exemplify this excellence.

IN MEMORY

DR. STEPHEN (STEVE) WESTCOTT

Our community suffered a great loss this year with the passing of beloved chemistry professor Dr. Steve Westcott.

Steve was an integral part of the Mount Allison community for many years, teaching and mentoring thousands of students during his career. He taught at Mount Allison since 1995 and was a recipient of the Paul Paré Medal and multiple Excellence Awards. A long-time Canada Research Chair holder (more than 20 years), he was a leader in his field and inspired many Mount Allison chemistry students to pursue careers in research.

His research group, the Wild Toads, was one of the largest on campus, even welcoming high school students and community members to learn more about the world of chemistry. He was known to many as an amazing teacher, a brilliant researcher, and a kind colleague and friend.

"I don't think there is another chemistry professor in Canada who inspired so many undergraduate chemistry students."

Dr. Andrew Grant, Associate Professor
Department of Chemistry and Biochemistry

The Honourable Dominic LeBlanc, Minister of Intergovernmental and Northern Affairs and Internal Trade, left, visited the lab of Dr. Stephen Westcott, Mount Allison chemistry professor and Canada Research Chair in Boron Chemistry, right, in March 2019.

In 2020, he shifted his research focus to COVID-19 treatment and recovery with the project, The fifth element: Battle COVID-19. Under his leadership, the Westcott research team, including many Mount Allison students and international collaborators, contributed significantly to the field of chemistry, studying the health effects of new compounds based on natural products such as capsaicin (the chemical that makes hot peppers hot), eugenol, and boron.

Steve will be greatly missed by all who knew him.

In his words — peace and love and enjoy the best life has to offer you.

Hello to the amazing Class of 2022, loved ones, Mount A faculty and staff.
