Career Fair Directory

Alarmguard by TELUS

Alarmguard by Telus provides smart home automation and security systems to residential and commercial clients. This is a sales job that will teach you everything you need to know about the art of selling and psychology behind it. No experience required. The skills required for this job included a strong work ethic and good communication skills.

Canada Revenue Agency

The CRA is a federal government agency that administers taxes, benefits and related programs. We value your learning & career development, diversity & inclusion, and your well-being. We have many career paths in Audit, Finance, HR, Administrative Services and much more.

Canadian Armed Forces

In the Canadian Armed Forces (CAF) we have over 100 job opportunities that come with excellent pay and benefits. You also have the opportunity to take time and improve your skills through education at any point in your career. You can apply to the CAF as a Non-Commissioned Member or an Officer. The path that you choose will depend on your skillset, interests and educational background. Careers are available in the CAF as a full-time or part-time member. Full-time members make up the Regular Force. Part-time members make up the Reserve Force.

Correctional Service of Canada

The Correctional Service of Canada (CSC) is the federal government agency responsible for administering sentences of a term of two years or more, as imposed by the court. CSC is responsible for managing institutions of various security levels and supervising offenders under conditional release in the community.

Our Mission: The Correctional Service of Canada, as part of the criminal justice system and respecting the rule of law, contributes to public safety by actively encouraging and assisting offenders to become law-abiding citizens, while exercising reasonable, safe, secure and humane control.

CSC has a wide variety of professions and work locations with unique challenges and opportunities. It offers dynamic and interesting careers in over 30 professions, including corrections, health care and administration. For further information on the department, work environment, careers at CSC and application process, please visit our website at <http://www.csc-scc.gc.ca>.

CPA Atlantic School of Business

Creating future CPAs as global business and accounting professionals. The Canadian Chartered Professional Accountant (CPA) credential is the pre-eminent, globally respected business and accounting designation. It represents highly qualified professionals who demonstrate an ongoing commitment to providing the highest standards of accounting, ethics and best business practices.

The CPA Atlantic School of Business has a mission to attract, educate, and qualify individuals to become Chartered Professional Accountants. Successful graduates will have met the requirements of a challenging and rigorous CPA pre-certification process that meets the needs of business, public practice and government.

The CPA Atlantic School of Business promotes and delivers the CPA pre-certification programs in Atlantic Canada and Bermuda. Programs are available part-time and delivered through a blend of online and in-person modalities. Classes and exams are delivered throughout the Atlantic Provinces and Bermuda, with many courses offered in both French and English, and are accessible to candidates of all educational backgrounds.

Dalhousie University, Corporate Residency MBA

Dalhousie University is a U15 Canadian Research Institution located in Halifax, Nova Scotia on Canada's beautiful East Coast. Even though Dalhousie represents a large university with over 200 programs and all the services you associate with a major international institution, our program provides all the benefits of a small cohort. We are looking for 40-55 successful candidates from any undergraduate discipline who displays exceptional potential in employability, coachability, and critical thinking skills.

Our Corporate Residency MBA program offers a 22-month innovative, industry-informed and rigorous curriculum combined with an 8-month paid work experience (corporate residency) where students make between \$30K-\$50k, and 98% have secured employment in their field of choice within 6 months of graduation. The goal of our program is to help high achieving, self-motivated individuals with leadership potential launch their careers and accelerate their professional development.

Department of Fisheries and Oceans

Fisheries and Oceans Canada. We are a federal institution, responsible for safeguarding our waters and managing Canada's fisheries and oceans resources.

Fisheries and Oceans Canada (DFO) helps to ensure healthy and sustainable aquatic ecosystems through habitat protection and sound science. We support economic growth in the marine and fisheries sectors, and innovation in areas such as aquaculture and biotechnology.

We have a wide variety of positions, in diverse fields, such as administration, Science, IT, Engineering, law/enforcement, client service and many more.

Eastlink

Eastlink is a family owned, entrepreneurial and innovative company headquartered in Halifax, Nova Scotia. We take great pride in being a leader in delivering creative competitive, customer focused telecommunications solutions, and connecting our customers to the things and people that matter most. Serving a customer base across seven provinces, our advanced solutions include Internet, Mobile, TV, Telephone, Security and Automation, Data Communications and exclusive locally produced programming on Eastlink Community TV.

We embrace diversity, inclusion, equity and accessibility throughout all levels of the organization and encourage members of equity groups to self-identify during our application process.

Emera Inc

From a single electric utility in Nova Scotia, Emera has grown into an energy leader serving over 2.5 million customers in Canada, the US and the Caribbean.

We're focused on safely delivering cleaner, reliable energy while always working to minimize the cost impacts for our customers.

Decarbonization has been core to our strategy for nearly two decades and every member of our team is committed to continually building on the progress we've made. Through our Climate Commitment, we've established our vision to achieve net-zero carbon emissions by 2050, with clear carbon reduction goals along the way.

Horizon Health Network

Horizon Health Network is one of New Brunswick's two health authorities. Our 12 hospitals and more than 100 medical facilities, clinics, and offices are in rural and urban communities across our province.

Much like our patients and clients, our services are varied and extend beyond hospitals into a variety of community-based settings, including community health centres, clinics, Public Health services, as well as addiction and mental health services.

We provide safe and quality health care to our patients and clients both in English and French every day, thanks to Horizon's dedicated team of 12,600 employees, 1,100 physicians, and 4,400 volunteers. Our services cover two-thirds of New Brunswick.

Horizon is one of the largest employers in the province, with over 150 different roles, all with the same goal – delivering exceptional patient and client care. When you join the Horizon team, regardless of your role, you become an essential part of our community.

Our guiding principles of quality and safety are the pillars of our health care system and our core mission of Helping People be Healthy shapes our work.

Institut National de la Recherche Scientifique (INRS)

Part of the Université du Québec network, INRS (Institut national de la recherche scientifique) is a university dedicated to fundamental and applied research, graduate studies and the training of researchers.

Conducting applied and fundamental research essential to the advancement of science in Quebec and around the world, our research teams play a critical role in finding solutions to problems facing our society.

For over 40 years, INRS has contributed to science and the training of highly qualified students in sectors of great strategic importance for our society: water, earth, and environment; energy, materials, and telecommunications; human, animal, and environmental health; and urbanization, culture, and society. INRS offers 26 distinct and highly specialized programs. Programs with professional profiles are also offered. INRS is a highly competitive university with world class research facilities. Thanks to its state-of-the-art equipment, it has outstanding analysis, processing, and small-scale manufacturing capabilities to carry out basic and applied research in highly specialized fields. INRS works with international partners on projects geared toward research, training, and technology transfer. Our professors are in high demand for their expertise in fields such as water sciences, health, urban studies, nanofabrication, ultra high-speed photonics, and telecommunications. We offer several undergraduate summer internships.

J. D. Irving, Limited

At J.D. Irving, Limited we offer a unique value proposition to 'Join One, Grow With Many'. We are a team of over 19,000 full-time employees with business units in: Agriculture, Construction & Equipment, Consumer Products, Hydro Energy, Food, Forestry & Forestry Products, Retail & Distribution, Shipbuilding & Industrial Fabrication, and Transportation & Logistics.

We hire over 900 students each year for co-op work terms, apprenticeships, internships, and summer positions. As a student with JDI you can expect: opportunities across our business divisions, mentorship and training opportunities, world-class experience in your desired area of expertise, working with a sustainable business that wants to help you GROW.

We are seeking our next generation of leaders; individuals who take initiative, are detail orientated, fast & flexible, and driven to succeed!

New Brunswick Department of Education & Early Childhood Education

The logo for the Odyssey program, featuring the word "ODYSSEY" in a bold, dark blue, sans-serif font. To the right of the text is a stylized diamond shape composed of four overlapping squares in teal, dark blue, and purple.The logo for the Explore program, featuring the word "EXPLORE" in a bold, dark blue, sans-serif font. To the right of the text is a stylized cross shape composed of four overlapping squares in teal and purple.

Both of the programs that we will be promoting are part of the federal programs under the Official Languages Programs (OLP). The first program is Explore. It is a 5-week French second language program that takes place in various locations across Canada in the spring and/or summer. The second program is Odyssey. It is a 9-month paid language assistant work program. Language assistants work in a classroom setting to help students in their second language learning by doing activities and sharing their culture with the students. For anglophone applicants, they can apply to work in Quebec or in New Brunswick.

OFFICIAL LANGUAGES PROGRAMS
PROGRAMMES DE LANGUES OFFICIELLES

Northern Connector Program

The Northern Connector Program grows networks and addresses workforce needs by connecting young emerging professionals with established professionals in Northern Nova Scotia. Through the Connector Program, we help post-graduates and newcomers develop their local business networks by connecting them to local businesses and community leaders. Businesses appreciate the program because it introduces them to new, upcoming talent increasing their access to talent.

Public Service Commission of Canada

The Public Service Commission of Canada is responsible for promoting and safeguarding a merit-based, representative and non-partisan public service that serves all Canadians, in collaboration with stakeholders. We also manage GC Jobs, providing applicants and managers with a single portal to access all public service job opportunities within the Federal Government.

TD Bank

As a top 10 North American bank, TD aims to stand out from its peers by having a differentiated brand – anchored in our proven business model, and rooted in a desire to give our customers, communities and colleagues the confidence to thrive in a changing world. Whether you have years of banking experience or are just starting your career in financial services, we'll help you realize your full potential and achieve your career goals.

Town of Tantramar

TANTRAMAR

We are the municipal government with summer positions in tourism, recreation, facilities and public works, We are looking for outgoing people with good customer service skills and an interest in tourism and/or recreation, as well as people who can do a variety of physical labour tasks independently and as part of a group.

Transport Canada

Transport
Canada

Transports
Canada

Transport Canada employs over 5,000 talented and motivated employees working in the Atlantic, Quebec, Ontario, Prairie and Northern, Pacific regions, and at our Ottawa headquarters. We develop policies and enforce acts and regulations that support transportation efficiency, safety, security, durability, and align with global standards. Our vision is of a safe, secure, durable, innovative and integrated transportation system that supports trade and economic growth, a cleaner environment and the wellbeing of Canada's middle class.

- For air, we make and oversee the rules for the screening cargo, passengers and personnel. We also make sure that airports, air carriers and others manage security in a way that keeps everyone safe.
- For water, we set regulations for water pollution and the transportation of dangerous goods. Our promotion of Safety Management Systems and safety culture benefitted Canadians and gained traction worldwide.
- For the land, we routinely review Canada's rail regulations to keep them modern and innovative. Since 1989, we've reviewed the Railway Safety Act four times and amended it several times.

Here are a few examples of the various types of positions we are actively recruiting via jobs.gc.ca:

- Analysts & Senior Policy Advisors, Harbour Patrollers, Program Officers, Civil Aviation Safety Inspectors, Railway Inspectors, Senior Marine Inspectors, Transportation Security Inspectors, Emergency Response Advisors, Boating Safety Officer, Aircraft Maintenance Engineers, Helicopter Pilots, Airport Maintenance & Operations Supervisor, Corporate Services (Financial Assistants, IT Technicians, Human Resources Advisors, etc.)

University First Class Painters

University First Class Painters has been employing students in Canada for over forty years. We provide valuable experience to our student managers and great summer jobs for our student painters, marketers, and office support staff. We provide full-time summer jobs from April to September and part-time work during the school year.
