

SEXUAL AND GENDER BASED VIOLENCE RESPONSE

* CONNECT TO CARE

When connecting a student to the Sexualized Violence Response Consultant (SVRC), you can either send their name and email to the SVRC or cc them on the email to the SVRC.

SVRC email: svcomplaint@mta.ca

If the student does not want to be connected directly to SVRC, inform the student they can remain anonymous, but you will need to share the situation with SVRC to receive guidance and resources. If known, please send demographics to SVRC (year of study, housing, team). You can also encourage them to use the REES platform. Accommodations (ex. academic, housing, etc.) cannot be made unless SVRC meets with the survivor.

** REES PLATFORM

Platform used for disclosures where survivors can write a narrative of what occurred, that is encrypted and submit to the SVRC directly or submit anonymously. If submitted anonymously, there is an option for bidirectional communication where the SVRC can send resources to the survivor while they remain anonymous.
