

# M3011 - Set Theory and Mathematical Logic - 2009

Dr. R. Rosebrugh  
Dunn 203

## General Information

The course meeting time is 11:30-12:20MWF in Dunn 108. For official detail see the [University Calendar](#). The **prerequisite** for this course is **Math 2211**. Office hours: by appointment.

**Check this URL regularly for information about the course.**

## Text

[Sets for Mathematics](#). F. William Lawvere and Robert Rosebrugh. We will cover Chapters 1-7, parts of Chapters 8, 9, 10 and of the Appendices.

## Test

The midterm test will be held in class on October 21, 2009.

## Grades

The final grade will be based on the assignments, the mid-term test and a final examination. The weights will be approximately 20%, 20% and 60% respectively.

## Assignments

The regular written assignments are an essential part of the course; they will be listed here as assigned.

**Be sure to attempt all problems in the text, not just the ones assigned to be handed in.**
